

# FAST BAND CUTTING

## Efficient crimp ring removal

*The Plumbers New Best Friend*

**(D-BANDIT)**

*Proudly designed & manufactured in New Zealand*

*Email: tysanltd@yahoo.co.nz*

*NZ Patent: 629038*

## INSTRUCTIONS FOR USE

- 1.** Place D-Bandit onto pipe over band
- 2.** Make sure the ring is seated on both sides of the V ring holder
- 3.** Hold the D-Bandit tool without putting pressure on the pipe fitting
- 4.** Make sure the blade does not come into contact with the fitting during cutting
- 5.** Turn handle to cut
- 6.** Discard the pipe that the crimp band was fitted to
- 7.** That's it, you're done!

This not only saves you money and time, it also allows you to reuse fittings, saving on materials, and reduces environmental waste.

**SAVE TIME    SAVE MONEY    SAVE THE ENVIRONMENT**
